

ADHESIVES & SEALANTS

INNOVATIVE FORMULATIONS
FOR MASTER SOLUTIONS

ADHESIVES

MSP-135

Promast **Autobond FC**
Multi-Purpose Sealing Adhesive

Promast Autobond is an environmentally friendly, single component, high modulus MS Polymer Sealant for the automotive industry. Its unique fast curing and strong bonding features, Promast Autobond is preferred especially in the caravan assembly applications. It does not contain any solvents and/or isocyanates.

PMA-585

Promast **Clear Bond**
Liquid Nail

Promast Clear Bond is a fast curing PU montage adhesive with water and humidity resistant.

PMA-580

Promast **PU Nail**
Construction Adhesive

Promast PU Nail is a permanent bonding adhesive were porous and nonporous building materials needed to adhere to each other.

PMA-282

Promast **Express**
Express Transparent Wood Adhesive

Promast Express is a rapid-curing, liquid, and transparent polyurethane adhesive which shortens the clamping time to half.

PMA-170

Promast **Eco Marine**
Marine Glue

Eco Marine is an economic choice that need strong and water-resistant bonding for wood to wood or wood to different materials.

PMA-690

Promast **Corner Bond Express**
Corner Adhesive

Polyurethane based corner joint adhesive used for bonding aluminum profiles. Fast curing, water resistant (D4) adhesive with strong adhesion features.

PMA-590

Promast **Heavy-Duty**
Polyurethane Adhesive

Promast Heavy-Duty is an ultra-strong PU adhesive reinforced with chopped glass fiber which can be used for materials work under heavy load after bonding.

PMA-595

Promast **Non Foam**
Polyurethane Adhesive

Promast Non-Foam is an extra-strong filled polyurethane adhesive with very limited expansion and long-open time.

PMA-180

Promast **Adwood PU**
Wood Adhesive

Polyurethane based, water-proof, liquid adhesive with gap filling properties.

SEALANTS

PMH-860

Promast **Decaulk**
Deck Caulk

Decaulk is a one-component, non-corrosive, high-quality fast curing sealant designed especially for marine applications where UV, extreme weather, long time fresh & saltwater resistance, and waterproof properties are required.

PMW-165

Promast **Acryseal-Plus**
Siliconized Acrylic Sealant

Universal acrylic sealant for filling cracks and joints both indoors and outdoors which is a cost-effective sealant solution for static joints.

PMP-735 / PMP-745 / PMP-755

Promast **Seal & Bond**
Adhesive Sealant

Promast Seal&Bond is a single-component, multi-purpose, elastic adhesive and sealant. Following to application, it reacts with ambient humidity to form a durable and tough rubber seal.

PMS-960

Promast **Sanitan**
Hygiene Silicone

Easypack Sanitan is a neutral curing kitchen-bathroom silicone which does not contain any solvents. It's one of the best options to use in the wet areas where mildew and fungus might exist. An application gun is not required.

PMS-970

Promast **RTV**
Gasket Maker

Acetoxy based high-performance liquid silicone sealant which maintains its flexibility in temperatures up to +300 °C. With no special curing requirements, RTV sealant has a wide range of home, automotive, and industrial applications. An application gun is not required. Easypack allows you to apply in narrow areas.

STX-100

Promast **Shell Tixophalte Wet**
Bitumen Sealant

Shell Tixophalte Wet is a high-performance, ready to use bituminous compound that can be used as a filler, joint sealer or adhesive in a wide range of applications.

PMW-200

Promast **Fire Seal B1**
Neutral Siliconized Sealant

A one-component, fire-resistant neutral sealant.

PMP-730

Promast **GlazePro**
Balcony Glazing Adhesive Sealant

Promast GlazePro is an elastic, one component joint silicone sealant for glazing applications.

PMS-950

Promast **All Purpose**
Pure Acetoxy Silicone

Easypack All Purpose is high quality, long-lasting, 100% pure acetoxy curing silicone sealant that does not require a gun for application. Suitable for almost every application that needs silicone sealant.

PMS-975

Promast **RTV-NT**
Neutral Gasket Maker

Neutral curing high-performance silicone sealant which maintains its flexibility in temperatures up to +300 °C. It can be applied to sensitive surfaces and adheres perfectly to make gasket. Extra high quality and odorless silicone sealant which is designed to be used as a gasket. An application gun is not required. Easypack allows you to apply in narrow areas.
